CONTRACT EXTENSION – E-GP BASELINE SURVEY

Sir, the e-GP project, in collaboration with the Public Private Partnership Commission, engaged LAPE Consultants Limited to conduct a baseline survey aimed at assessing the effectiveness and efficiency of the current procurement systems. As one of the deliverables, LAPE Consultants Limited has recently submitted Deliverable 3, namely the Draft/Interim Baseline Survey Report, as outlined in their contract. The review of this report is pending finalization, which will lead to the production of the final report.

Consequently, LAPE Consultants Limited has formally requested a no-cost contract extension until December 31st, 2023. This extension will afford them the necessary time to complete the review of the draft report and to undertake the finalization of the baseline survey report, which constitutes the ultimate deliverable stipulated within their contractual agreement.

Enclosed herewith, you will find the letter from LAPE Consultants Limited requesting the aforementioned no-cost extension for your perusal and consideration.

This loose minute is submitted for your approval to proceed to send the letter of extension to PPPC for further action, Sir.
